6 The present Bye-laws are sufficient to

There is nothing new in the proposed
Bye laws except that they deal mostly
with the private burial & burning grounds
which do not appear to exist in the city
as in the Civil & Military Stations,
& provide for licenses being given to
grave diggers who, in their turn, are
to levy fees as per scale laid down —
in the form of license. This will only be considered by the public as a new imposition. Because there
is a set of Bye-laws in the Civil &
Military Stations which are not quite
in accordance with those already in force in the
City, the Board propose to adopt the
same verbatim. The necessity however, is not
quite apparent.

Sir,

~~In provision seems to have been made in the Draft Municipal Regulations forwarded to the Govt. of India for approval, regarding the~~ Control of the burning and burial grounds. The necessity for the Bye Laws is already explained by the President of the Municipality.

the disposal of the dead and the maintenance of all places for the disposal of the dead in good order and in a safe sanitary condition," due regard being had to the religious usages of the community concerned. If the Municipal Council is of opinion that any place used for the disposal of the dead is in such a state as to be injurious to health, they may under section 150 submit their opinion to Government, which may by notification direct that the place shall cease to be so used.

The above are the only specific provisions on the subject in the draft-Regn. Hence it does not dispense with the necessity for detailed bye-laws on the points mentioned in cl. (h) of s. 48(1).

and the licensing of the attendants employed at such places. I am not sure that either of those is strictly speaking a matter coming within the scope of clause (k). It is perhaps quite sufficient to provide instead that no place shall be used as a burial or burning ground without the permission in writing of the Municipal Council. (No fee need be insisted on).

Bye-law 7 (a) may be treated as falling under clause (g).

Bye-laws 6 and 8 to 13 are all right, & will not require change after the days stated.

Serial No. 28

I regret the delay in dealing with this matter.

I have this evening carefully gone through the draft By-laws with Mr. Ramaiyya.

I was at first disposed to think that the existing By-laws were sufficient for all practical purposes, and that a revision thereof on the lines of the Station By-laws might advantageously be deferred until the passing of our new Municipal Regulation. Since, however, the latter does not seem to be immediately in prospect, the reference before us may, I think, be dealt with on its own merits.

The Station By-laws are excellent in every way, and I agree that it is highly desirable that our By-laws, which are antiquated and therefore defective in several respects, should be so modified as to bring them into line with the Station By-laws.

A portion of draft By-laws Nos: 1 and 2 is covered by Section 188 of the Municipal Regulation. For the payment of a registration fee there is at present no provision. This seems a defect which should be remedied.

Nos: 3, 4 and 5 are all important, and there is at present nothing corresponding to them either in our Regulation or in our By-laws.

No: 6 is equally important. The present By-law No: 19 deals with only a portion of it.

No: 7. Very important, but neither our Regulation nor the existing By-laws under it deal therewith.

No: 8 is much the same as the present By-law 13 except that the latter portion of it is new.

No: 9 is identical with the present By-law No: 14.

In No: 10, which is intended to replace the present By-law No: 15, the Magistrate's order has been added. This addition is only formal, the Magistrate's powers in regard to exhumation resting upon a higher authority than a Municipal By-law. I would therefore omit this as superfluous.

No: 9 is intended to replace the present By-law No: 17 which apparently inadvertently omits all reference to burial grounds and burials.

No: 12 is the same as By-law No: 16 now in force.

No: 13 is important, but finds no place in the present By-laws.

No: 14 is new. What a Vettiyan is as distinguished from a grave digger, does not appear clear. The need for this By-law cannot however be denied.

On the whole, I agree that the present By-laws are far from satisfactory and that they should be revised in the manner recommended by the Board.

The only modifications I would suggest are:-

(a) The exclusion of the words "or an order in writing of a Magistrate" in No: 10.

(b) The [illegible] in the Rules from No: 1 from 10 to 5 or [illegible]. There is also [illegible] the Registration [illegible]

Municipal Commission,
Bangalore City.

Section Gen. I.
File No 41-96
Serial No. To 68.

The Secretary to the Government of
His Highness The Maharaja of Mysore,
General and Revenue Departments,
BANGALORE.

SIR,

With reference to your Order No. C.4074/L.T.&17-96 dated the 31st May 1904, I have the honor to state that there are several private burning and burial grounds in the City, and that the proposed Rules are required for the removal of many inconveniences, that are felt in connection with burial and burning grounds, both private and public, of which lists are submitted herewith.

2. Sections 1 to 7 and Section 13 are required for the registration and control of all burial and burning grounds as there is no reliable and complete record of them at present, and for enforcing the suitable use of such grounds in a cleanly state, as they are now full of rats, rubbish, and noxious vegetation, and as reports of burials and cremations are not received from private grounds unless permission to bury or cremate is obtained in such localities.

3. The appointment of licensed Pathis is necessary for the proper burial of dead bodies, as at present, the unlicensed coolies and dishonest servants demand exorbitant rates, and often commit serious offences, such as mutilations, disinterments, and disturbances by the said

either in connection with
public or private grounds
which and the particular sections
of the proposed bye-laws
directed to its removal.
Enquiries also whether the
appointment, licensing and
payment of vetinary pro-
vided for in the draft
bye-laws are indispensable
